Airport Facilities

We try to cater for the needs of all our passengers and have a wide range of on-site facilities ranging from prayer rooms to computers.

There are several Airport Lounges to choose from to make you feel relaxed and comfortable at the airport.

Manchester Airport ensures that Accessibility for passengers with reduced mobility your journey through the airport will be as easy as possible.

We cater for all travelers needs including Babies & Children and have a wide range of Business Facilities such as Wireless Hotspots.

We welcome all Faiths to Manchester Airport and have tried to reflect this within the facilities we provide.

Airport Attractions

We welcome non-traveling visitors, especially those who enjoy watching aircraft take off and land. So, we've laid on some very special plane observation facilities just for you.

The Spectator Terrace provides visitors with an excellent spot to view aircraft take off and land.

Manchester Airport also offers many Tours ranging from educational tours to children's birthday parties.

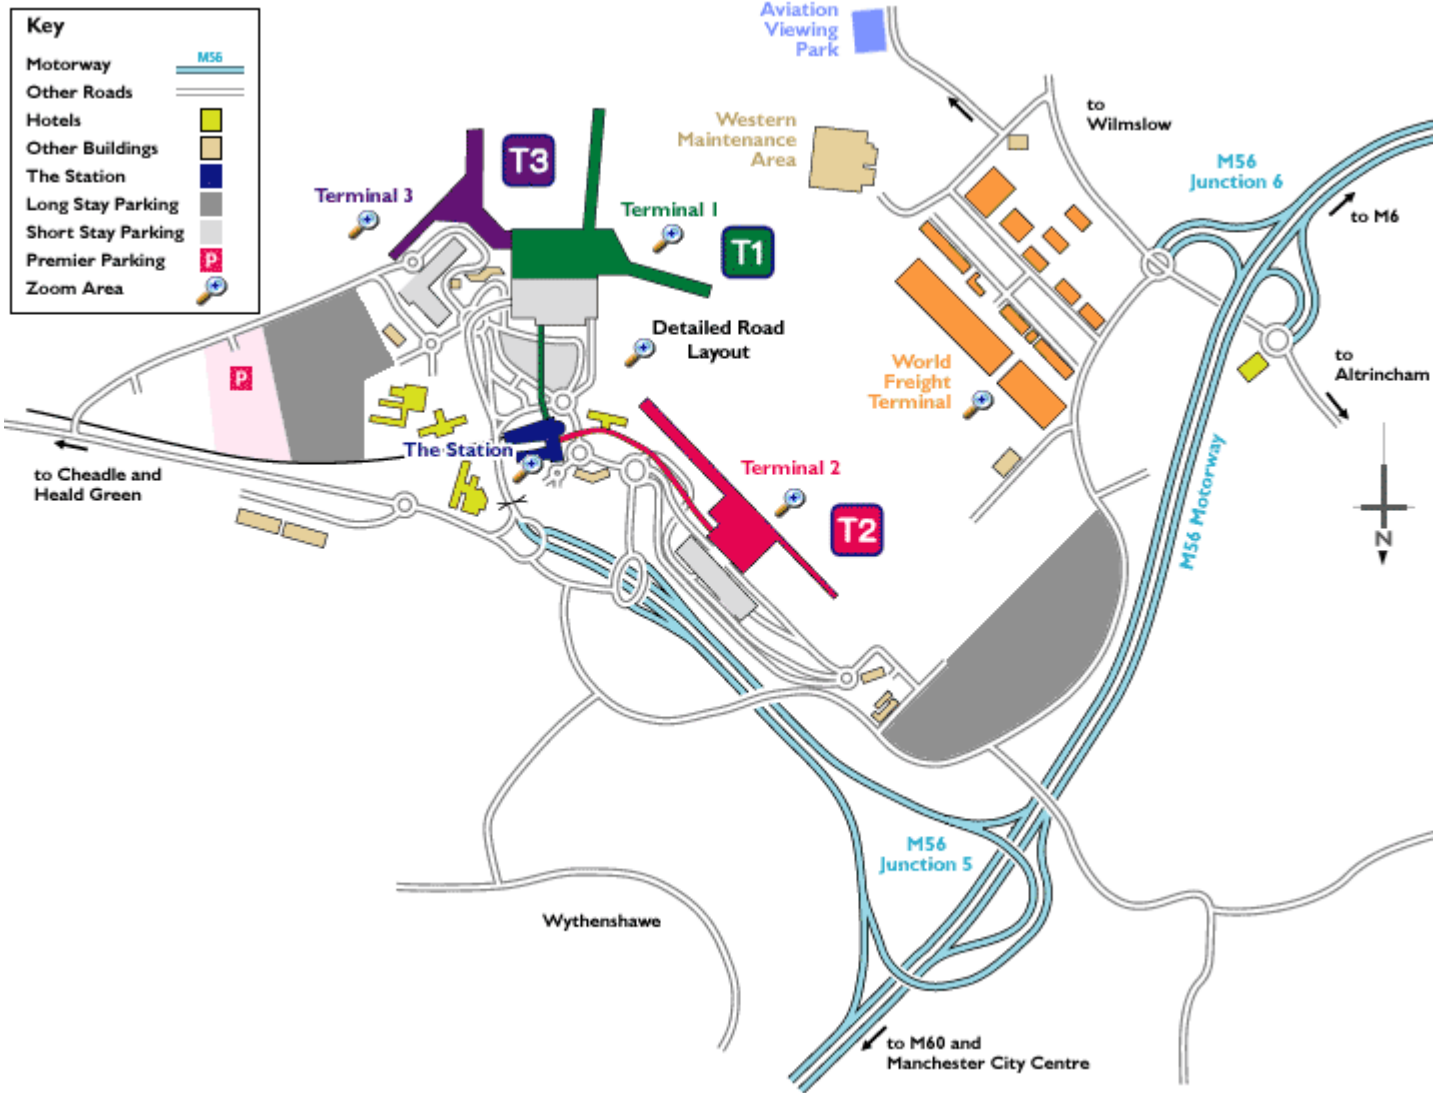

Alternatively the Viewing Park offers excellent views and exhibits. There is an informative visitors centre, aviation shop and catering outlet where you can enjoy light refreshments.

Whatever your choice Manchester Airport makes a great day out!

Security Procedure Changes

Following guidance from the Department For Transport (DFT), Manchester Airport is to change its security regulations from 6 November 2006 to allow passengers to take small amounts of liquids in their cabin baggage.

This follows the announcement by the DFT of a change in security restrictions at UK airports to bring them in line with existing US and European restrictions. The new rules will apply to all passengers departing from airports in the EU, Norway, Iceland and Switzerland whatever their destination.

NEW REGULATIONS IN PLACE FROM 6 NOVEMBER 2006

Hand baggage

Passengers will continue to be allowed just one item of hand baggage. The size of the bag is 56cm x 45cm x 25cm. This is consistent with the International Air Transport Association's long-standing recommendation.

Exemption for musical instruments

Large musical instruments will be allowed as a second item of hand luggage but they will have to be screened separately.

Liquids

Passengers will be allowed to take liquids, gels and pastes of 100mls or less in their hand baggage. These will have to be declared separately, removed from their baggage and x-rayed separately.

These items must be contained within a small, re-sealable plastic wallet, which will have to be removed from their hand baggage and x-rayed separately.

The new rules stipulate that the plastic wallet must not exceed one litre capacity per passenger - that's around half the size of a standard A4 piece of paper and it must be sealable. The wallet can contain two or more items of less than 100mls each but must not be cluttered to allow security officers to carry out thorough checks.

Large electrical items / Laptops

Laptops and other complex items of electrical equipment have to be removed from hand luggage and screened separately.

WHAT DOES NOT CHANGE

Passengers will continue to be allowed to pack liquids in the bags that they check-in. Passengers will also be allowed to carry in their hand luggage medicines and dietary requirements including baby foods, for use during the trip. Please note that you may be asked for proof that these items are needed.

Manchester Airport Information

Passengers will be able to buy liquids including drinks and perfumes either in an EU airport shop after security control, or on board an aircraft operated by an EU airline. If they are sold in a special sealed bag, passengers must not open them before they are screened otherwise the contents may be confiscated at the security checkpoint. Liquids include:

- Water and other drinks, soups, syrups
- Creams, lotions and oils
- Perfumes
- Sprays
- Gels, including hair and shower gels
- Contents of pressurised containers, including shaving foam, other foams and deodorants
- Pastes, including toothpaste
- Liquid-solid mixtures
- Mascara
- Any other item of a similar consistency
